

Health & Safety Standards

- We are taking extra measures to maintain a clean, sanitized center on a regular basis throughout each day. We regularly clean guest touchpoints and surfaces.
- Balls and shoes are being sanitized between each guest with disinfectant spray and wipes.
- Hand sanitizer is available for all staff and guests.
- Anyone showing Covid-19 symptoms or fever will not be allowed to enter the center. This is for the safety of everyone!
- Tape has been placed on our floors to provide guidelines for 6 feet apart social distancing.
- Shields have been put in place, at eye level, at all Cashier Areas between our staff and guests to provide less contact.
- There will be a limit of 8 bowlers per lane.
- An empty lane will separate bowlers from other bowling groups.
- Our Food and Beverage Menu will be a limited menu at this time.
- Please follow the guidelines of tables marked "No Seating".
- When you're finished bowling, please change your shoes and leave the bowling balls on returns and our rental shoes on the floor at your lane table. Our staff members will come to clean and sanitize everything, and return our shoes and balls to our Front Desk. We'll do the work!

We look forward to seeing you at Frames 'N Games for safe and healthy fun for all!
